

CANDIDATE REFERRAL PROGRAM

The Bridge Group Team work hard to establish lasting relationships in the Tokyo business community, and we appreciate it very much when people are able to refer top professionals to us for our client base.

Good people know good people, so we decided to make a formal program to award our friends, colleagues and associates when they refer candidates who join our client companies. We are offering you up to one-hundred thousand yen (depending on the candidate's seniority) if you refer someone who successfully joins a Bridge Group client company.

▶ IDEAL CANDIDATES

- People from all industries, but especially Hi Tech, Consumer Goods, or Banking & Finance.
- Professionals in back office (HR, accounting, IT) or front office (sales, marketing, and so on) as well as managers and executives in all fields.

▶ HOW TO PARTICIPATE

- Provide contact information and a few comments on the person's background.
- Inform your consultant if you prefer to be kept anonymous, or if your name can be mentioned to the candidate.

▶ WHAT YOU CAN EXPECT

- Referral will be kept confidential from all third parties.
- Referral award will be paid when the person joins one of our clients and successfully completes their probationary period.
- The referral award will be honored for a period of one year from the date we meet the person, and limited to one placement.
- You may refer as many people as you like in order to enjoy multiple referral awards.

We know from experience what a major positive effect the right job change can make on a person's career and personal life. Please feel free to contact your Bridge Group consultant anytime to participate in this program.

Let us be the bridge to success for friends and colleagues you care for.
